Thank you very much for downloading *jews and christians the myth of a common tradition*. As you may know, people have looked hundreds of times for their chosen books like this *jews and christians the myth of a common tradition*, but end up in infectious downloads. Rather than enjoying a good book with a cup of coffee in the afternoon, instead they cope with some harmful bugs inside their desktop computer.

*jews and christians the myth of a common tradition* is available in our book collection and an online access to it is set as public so you can get it instantly. Our book servers save the books in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, the *jews and christians the myth of a common tradition* is universally compatible with any devices to read.

**Jews and Christians** - Jacob Neusner 2003-02-19

**Christians and the Holy Places** - Joan E. Taylor 1993
The origins of Christian holy places in Palestine and the beginnings of pilgrimage to these sites have seemed obscure. From a detailed examination of literature and archaeology, the present author finds no evidence that Christians of any kind venerated 'holy places' before.
the fourth century. In the second and third centuries, scholarly Christians visited certain Biblical sites out of historical interest, but these sites were not considered holy, and the visitors were not 'pilgrims'. Instead, the origins of Christian pilgrimage to holy places rest with the emperor Constantine, who established four basilicas in Palestine in c.325 and provided two imperial matrons, Helena and Eutropia, as examples of a new kind of pious pilgrim. Pilgrimage to intrinsically sacred shrines had been a pagan practice, which was grafted on to Christianity. Many Jewish, Samaritan, and pagan sites were appropriated by the Church and turned into Christian holy places. This process helped to destroy the widespread paganism of Palestine, and mark the country as a 'holy land'. Very few sites are genuine, but one which may well be is the cave (not garden) of Gethsemane, in which Jesus was probably arrested. The book is fully illustrated, and includes both plates and maps.

Jews and Christians

Neusner 2003-02-19

The Myth of the Andalusian Paradise

Darío Fernández-Morera 2016-02-09 Scholars, journalists, and politicians uphold Muslim-ruled medieval Spain—"al-Andalus"—as a multicultural paradise, a place where Muslims, Christians, and Jews lived in harmony. There is only one problem with this widely accepted account: it is a myth. In this groundbreaking book, Northwestern University scholar Darío Fernández-Morera tells the full story of Islamic Spain. The Myth of the Andalusian Paradise shines light on hidden features of this medieval culture by drawing on an abundance of primary sources that scholars have ignored, as well as archaeological evidence only recently unearthed. This supposed beacon of peaceful coexistence began, of course, with the Islamic Caliphate’s conquest of Spain. Far from a land of tolerance, Islamic Spain was marked by religious and therefore cultural repression in all areas of life, and by the
marginalization of Christians and other groups—all this in the service of social control by autocratic rulers and a class of religious authorities. As professors, politicians, and pundits continue to celebrate Islamic Spain for its “multiculturalism” and “diversity,” Fernández-Morera sets the record straight—showing that a politically useful myth is a myth nonetheless.

**Is there a Judeo-Christian Tradition?**-Emmanuel Nathan 2016-03-21 The term ‘Judeo-Christian’ in reference to a tradition, heritage, ethic, civilization, faith etc. has been used in a wide variety of contexts with widely diverging meanings. Contrary to popular belief, the term was not coined in the United States in the middle of the 20th century but in 1831 in Germany by Ferdinand Christian Baur. By acknowledging and returning to this European perspective and context, the volume engages the historical, theological, philosophical and political dimensions of the term’s development. Scholars of European intellectual history will find this volume timely and relevant.

**God's Favorites**-Michael Coogan 2019-04-02 A noted biblical scholar explores how the claim of divine choice has been used from ancient times to the present to justify territorial expansion and prejudice. The Bible describes many individuals and groups as specially chosen by God. But does God choose at all? Michael Coogan explains the temporally layered and allusive storytelling of biblical texts and describes the world of the ancient Near East from which it emerged, laying bare the power struggles, the acts of vengeance, and persecutions made sacred by claims of chosenness. Jumping forward to more modern contexts, Coogan reminds us how the self-designation of the Puritan colonizers of New England as God’s new Israel eventually morphed, in the United States, into the self-justifying doctrines of manifest destiny and American exceptionalism. In contemporary Israel, both fundamentalist Zionists and
their evangelical American partners cite the Jews’ status as God’s chosen people as justification for taking land—for very different ends. Appropriated uncritically, the Bible has thus been used to reinforce exclusivity and superiority, with new myths based on old myths. Finally, in place of the pernicious idea of chosenness, Coogan suggests we might instead focus on another key biblical concept: taking care of the immigrant and the refugee, reminding the reader of the unusual focus on the vulnerable in both the Hebrew Bible and New Testament.

**Blood Libel**—Magda Teter 2020-01-28 Drawing on sources in eight countries and ten languages, Magda Teter tells the history of the antisemitic blood libel myth, whose long shadow extends from premodern monastic chronicles to Facebook. The vocabulary and images that crystallized and spread with the invention of the printing press are still with us, as are their pernicious consequences.

**The Myth of Persecution**—Candida Moss 2013-03-05 In The Myth of Persecution, Candida Moss, a leading expert on early Christianity, reveals how the early church exaggerated, invented, and forged stories of Christian martyrs and how the dangerous legacy of a martyrdom complex is employed today to silence dissent and galvanize a new generation of culture warriors. According to cherished church tradition and popular belief, before the Emperor Constantine made Christianity legal in the fourth century, early Christians were systematically persecuted by a brutal Roman Empire intent on their destruction. As the story goes, vast numbers of believers were thrown to the lions, tortured, or burned alive because they refused to renounce Christ. These saints, Christianity’s inspirational heroes, are still venerated today. Moss, however, exposes that the “Age of Martyrs” is a fiction—there was no sustained 300-year-long effort by the Romans to persecute Christians. Instead, these stories were pious
exaggerations; highly stylized rewritings of Jewish, Greek, and Roman noble death traditions; and even forgeries designed to marginalize heretics, inspire the faithful, and fund churches. The traditional story of persecution is still taught in Sunday school classes, celebrated in sermons, and employed by church leaders, politicians, and media pundits who insist that Christians were—and always will be—persecuted by a hostile, secular world. While violence against Christians does occur in select parts of the world today, the rhetoric of persecution is both misleading and rooted in an inaccurate history of the early church. Moss urges modern Christians to abandon the conspiratorial assumption that the world is out to get Christians and, rather, embrace the consolation, moral instruction, and spiritual guidance that these martyrdom stories provide.

Pilgrimage and Pogrom-
Mitchell B. Merback 2012 No further information has been provided for this title.

The Watchers in Jewish and Christian Traditions-
Angela Kim Harkins 2014 At the origin of the Watchers tradition is the single enigmatic reference in Genesis 6 to the "sons of God" who had intercourse with human women, producing a race of giants upon the earth. That verse sparked a wealth of cosmological and theological speculation in early Judaism. Here leading scholars explore the contours of the Watchers traditions through history, tracing their development through the Enoch literature, Jubilees, and other early Jewish and Christian writings. This volume provides a lucid survey of current knowledge and interpretation of one of the most intriguing theological motifs of the Second Temple period.

The Mythmaker-Hyam Maccoby 1998 The author presents new arguments which support the view that Paul, not Jesus, was the founder of Christianity. He
argues that Jesus and also his immediate disciples James and Peter were life-long adherents of Pharisaic Judaism. Paul, however, was not, as he claimed, a native-born Jew of Pharisee upbringing, but came in fact from a Gentile background. He maintains that it was Paul alone who created a new religion by his vision of Jesus as a Divine Saviour who died to save humanity. This concept, which went far beyond the messianic claims of Jesus, was an amalgamation of ideas derived from Hellenistic religion, especially from Gnosticism and the mystery cults. Paul played a devious and adventurous political game with Jesus' followers of the so-called Jerusalem Church, who eventually disowned him. The conclusions of this historical and psychological study will come as a shock to many readers, but it is nevertheless a book which cannot be ignored by anyone concerned with the foundations of our culture and society. -- Book jacket.

**Christ Killers**-Jeremy Cohen
2007 Traces the evolution of the image of the Jews as the murderers of the messiah, from its origins to the most recent expressions, drawing on sources that range from the gospel accounts of the crucifixion to film versions of the life of Christ, and assesses the influence of that myth on every aspect of Western culture.

**Judaism when Christianity Began**-Jacob Neusner
2002-01-01 In this book, Jacob Neusner gives an introductory, systematic, and holistic account of the theology and practice of Rabbinic Judaism, which emerged, along with Christianity, from antiquity and formed the classical statement of Judaism to the present day. He offers a description of beliefs and practices, theology as expressed in mythic narratives, and norms of ritual and symbolic behavior. Neusner also discusses: revelation and scripture, the doctrine of God, the definition of the holy, the chain of
tradition embodied in the story of the written and oral Torah, the intervention of God in history through miracles, sacred space, atonement and repentance, death and afterlife, and art and symbol in Judaism.

2018-10-04 In Righteous Gentiles Sean Durbin critically analyses the rhetoric of prominent Christian Zionists in America and the way their strategies of mythmaking function to represent their identities and activities as authentically religious.

Shattering the Christ Myth - James Patrick Holding
2008-06 How To Get Rid of Jesus: Prove He Didn't Exist! A popular question posed by Christians today asks, "WWJD?" - which stands for, "What Would Jesus Do?" For more and more Skeptics of Christianity, however, the answer to this question is, "JDNE" - which stands for, "Jesus did not exist!" In this volume, edited by prominent Internet apologist James Patrick Holding, a team of Christian authors provide a series of essays giving detailed answers to those who argue for the "Christ myth." Though rejected by mainstream scholars, this theory continues to grow in popularity among popular writers and Internet antagonists. The need for Christians to be ready to give an answer to it will only become more urgent. "Here's a clear and compelling rebuttal to fallacious claims that keep resurfacing in books and on the Internet. It's well-researched, expertly presented, and ultimately convincing." - Lee Strobel, author, The Case for the Real Jesus

Origin Story - David Christian
2018-05-22 This New York Times bestseller "elegantly weaves evidence and insights . . . into a single, accessible historical narrative" (Bill Gates) and presents a captivating history of the
universe -- from the Big Bang to dinosaurs to mass globalization and beyond. Most historians study the smallest slivers of time, emphasizing specific dates, individuals, and documents. But what would it look like to study the whole of history, from the big bang through the present day -- and even into the remote future? How would looking at the full span of time change the way we perceive the universe, the earth, and our very existence? These were the questions David Christian set out to answer when he created the field of "Big History," the most exciting new approach to understanding where we have been, where we are, and where we are going. In Origin Story, Christian takes readers on a wild ride through the entire 13.8 billion years we've come to know as "history." By focusing on defining events (thresholds), major trends, and profound questions about our origins, Christian exposes the hidden threads that tie everything together -- from the creation of the planet to the advent of agriculture, nuclear war, and beyond. With stunning insights into the origin of the universe, the beginning of life, the emergence of humans, and what the future might bring, Origin Story boldly reframes our place in the cosmos.

**The Christ Myth**-Arthur Drews 2018-07-11

**Exposing Myths About Christianity**-Jeffrey Burton Russell 2012-06-15 Renowned historian, Jeffrey Burton Russell, famous for his studies of medieval history, turns to the serious questions that confront Christianity in contemporary culture. Russell examines a wide array of common misperceptions, characterizations, stereotypes, caricatures and outright myths about Christianity that circulate heavily within today's society, and are even believed by many Christians. In a succinct and engaging manner, Russell discusses these errors and provides thoughtful, even-handed, carefully researched and sharp-witted responses. The author sets the record straight against the New
Atheists and other cultural critics who charge Christianity with being outdated, destructive, superstitious, unenlightened, racist, colonialist, based on fabrication, and other significant false accusations.

From the mid-fifteenth century to the early seventeenth, German Jews were persecuted and tried for the alleged ritual murders of Christian children, whose blood purportedly played a crucial part in Jewish magical rites. In this engrossing book R. Po-Chia Hsia traces the rise and decline of ritual murder trials during that period. Using sources ranging from Christian and Kabbalistic treatises to judicial records and popular pamphlets, Hsia examines the religious sources of the idea of child sacrifice and blood symbolism and reconstructs the political context of ritual murder trials against the Jews. "This volume combines clarity of thinking, elegance of style, and exemplary scholarly attention to detail with intellectual sobriety and human compassion."--Jerome Friedman, Sixteenth Century Journal "Hsia has... succeeded in turning established knowledge to illuminatingly new purposes."--G.R. Elton, New York Review of Books "This meticulously researched and unusually perceptive book is social and intellectual history at its best."--Library Journal "A fresh perspective on an old problem by a major new talent."--Steven Ozment, Harvard University R. Po-chia Hsia, professor of history at the University of Massachusetts, Amherst, is also the author of Society and Religion in Münster, 1535-1618

Resurrection - John Shelby Spong 2009-10-13 Using approaches from the Hebrew interpretive tradition to discern the actual events surrounding Jesus' death, Bishop Spong questions the historical validity of literal narrative concerned the Ressurection. He asserts that the resurrection story was born in an experience that opened the disciples' eyes to the reality of God and the
meaning of Jesus of Nazareth. Spong traces the Christian origins of anti-Semitism to the Church's fabrication of the ultimate Jewish scapegoat, Judas Iscariot. He affirms the inclusiveness of the Christian message and emphasizes the necessity of mutual integrity and respect among Christians and Jews.

**Christian Antisemitism**

William Nicholls 1993 In Christian Antisemitism: A History of Hate, Professor William Nicholls, a former minister in the Anglican Church and the founder of the Department of Religious Studies at the University of British Columbia, presents his stunning research, stating that Christian teaching is primarily responsible for antisemitism. As Nicholls states, these conclusions 'can now be fully justified by the most up-to-date scholarship, Christian as well as Jewish.' Nicholls writes, 'Many Jewish writers have said, quite simply, that the Nazis chose the Jews as the target of their hate because two thousand years of Christian teaching had accustomed the world to do so. Few Christian historians and theologians have been sufficiently open to the painful truth to accept this explanation without considerable qualification. Nevertheless, it is correct.'

Christian Antisemitism traces, over two millennia, the growing domination of Western culture by the Christian 'myth' (as Nicholls calls it) about the Jews, and shows how it still exerts a major influence even on the secularized 'post-Christian world.' Nicholls shows, through scrupulous research and documentation, that the myth of the Jews as Christ-killers has powered anti-Judaism and antisemitism throughout the centuries. Nicholls clearly illustrates that this myth is present in the New Testament and that 'it has not yet died under the impact of modern critical history.' Also included in this remarkable volume is Nicholls' research regarding the Jewishness of Jesus. He writes, 'Historical scholarship now permits us to affirm with confidence that Jesus of Nazareth was a faithful and observant Jew who lived by the Torah and taught nothing
against his own people and their faith...the Romans, not the Jews, were the Christ-killers.' In Part I, 'Before the Myth,' Nicholls explores the life of Jesus and his teachings as found in the New Testament. Was Jesus the founder of Christianity? Did he offer teachings against his people? Did he believe himself

**The Birth of Christianity**
Joel Carmichael 1992

**Reading Jewish History in the Renaissance**-Nadia Zeldes 2020-10-28 Using the Hebrew Book of Josippon as a prism, this study analyzes the dialogue surrounding Jewish history among Renaissance humanists. Notwithstanding its focus on the Renaissance, the author’s analysis extends to the consumption of Josippon in the High Middle Ages and into interpretations by sixteenth- and seventeenth-century humanists. With a focus on both Christian and Jewish discourse, the author examines the mythical and historical narratives that developed from Josippon.

**A Specter Haunting Europe**-Paul Hanebrink 2018-11-05 “Masterful...An indispensable warning for our own time.” —Samuel Moyn

“Magisterial...Covers this dark history with insight and skill...A major intervention into our understanding of 20th-century Europe and the lessons we ought to take away from its history.” —The Nation

For much of the last century, Europe was haunted by a threat of its own imagining: Judeo-Bolshevism. The belief that Communism was a Jewish plot to destroy the nations of Europe took hold during the Russian Revolution and quickly spread. During World War II, fears of a Judeo-Bolshevik conspiracy were fanned by the fascists and sparked a genocide. But the myth did not die with the end of Nazi Germany. A Specter Haunting Europe shows that this paranoid fantasy persists today in the toxic politics of revitalized right-wing nationalism. “It is both salutary and depressing to be reminded of how enduring the trope of an exploitative global
Jewish conspiracy against pure, humble, and selfless nationalists really is... A century after the end of the first world war, we have, it seems, learned very little.” —Mark Mazower, Financial Times “From the start, the fantasy held that an alien element—the Jews—aimed to subvert the cultural values and national identities of Western societies... The writers, politicians, and shills whose poisonous ideas he exhumes have many contemporary admirers.” —Robert Legvold, Foreign Affairs

**Eve and Adam**-Kristen E. Kvam 1999 This anthology surveys more than 2,000 years of Jewish, Christian, and Muslim commentary and debate on the biblical story that continues to raise questions about what it means to be a man or to be a woman.

**Rabbi Talks with Jesus**- Jacob Neusner 2000-02-16 Placing himself within the context of the Gospel of Matthew, Neusner imagines himself in a dialogue with Jesus of Nazareth and pays him the supreme Judaic gesture of respect: making a connection with him through an honest debate about the nature of God's One Truth. Neusner explains why the Sermon on the Mount would not have convinced him to follow Jesus and why, by the criterion of the Torah of Moses, he would have continued to follow the teachings of Moses. He explores the reasons Christians believe in Jesus Christ and the Kingdom of Heaven, while Jews continue to believe in the Torah of Moses and a kingdom of priests and holy people on earth. This revised and expanded edition, with a foreword by Donald Akenson, creates a thoughtful and accessible context for discussion of the most fundamental question of why Christians and Jews believe what they believe.

**Religious Stories in Transformation: Conflict, Revision and Reception**- Alberdina Houtman 2016-10-17 In this volume, the
editors have brought together a rich multidisciplinary collection of papers on the incorporation and adaptation of existing stories in a new context. It presents a vast array of research in mutual interaction between ancient myths, Judaism, Christianity, Islam, and modern secular culture.

**Jews among Muslims** - Shlomo Deshen 2016-01-07
Jews Among Muslims is a collection of analytical and graphic descriptions of Jewish communities in North Africa and the Middle East in the 19th and early 20th century, written by anthropologists and historians. The introductory chapters set Middle Eastern Jewry into comparative settings. Particular chapters are devoted to most of the major communities, such as Morocco, Yemen, Iraq, Iran. Among the specific topics treated are: community autonomy, religious life and leadership, women and family life, education, social etiquette.

**Jews and the Christian Imagination** - S. Haynes 1995-03-22
Reluctant Witnesses: Jews and the Christian Imagination is an analysis of the ancient Christian myth that casts Jews as a 'witness-people', and this myth's presence in contemporary religious discourse. It treats diverse products of the Christian imagination, including systematic theology, works of fiction, and popular writings on biblical prophecy. The book demonstrates that the witness-people myth, which was first articulated by Augustine and which determined official attitudes towards Jews in medieval Christendom, remains a powerful force in the Christian imagination.

**The First Book of Moses, Called Genesis** - 1999
The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on
English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

**God and Sex** - Michael Coogan
2010-10-01
For several decades, Michael Coogan's introductory course on the Old Testament has been a perennial favorite among students at Harvard University. In God and Sex, Coogan examines one of the most controversial aspects of the Hebrew Scripture: What the Old Testament really says about sex, and how contemporary understanding of those writings is frequently misunderstood or misrepresented. In the engaging and witty voice generations of students have appreciated, Coogan explores the language and social world of the Bible, showing how much innuendo and euphemism is at play, and illuminating the sexuality of biblical figures as well as God. By doing so, Coogan reveals the immense gap between popular use of Scripture and its original context. God and Sex is certain to provoke, entertain, and enlighten readers.

**The Myth of a Christian Nation** - Gregory A. Boyd
2009-05-18
The church was established to serve the world with Christ-like love, not to rule the world. It is called to look like a corporate Jesus, dying on the cross for those who crucified him, not a religious version of Caesar. It is called to manifest the kingdom of the cross in contrast to the kingdom of the sword. Whenever the church has succeeded in gaining what most American evangelicals are now trying to get - political power - it has been disastrous both for the church and the culture. Whenever the church picks up the sword, it lays down the cross. The present activity of the religious right is...
destroying the heart and soul of the evangelical church and destroying its unique witness to the world. The church is to have a political voice, but we are to have it the way Jesus had it: by manifesting an alternative to the political, “power over,” way of doing life. We are to transform the world by being willing to suffer for others – exercising “power under,” not by getting our way in society – exercising “power over.”

**Jesus, the Man and the Myth** - Haim Ben-Asher
2012-08-31 King of Israel?
Poor Jesus. Had he remained in Nazareth working in Joseph's carpentry shop, he would have been offered a share of the business. He could have settled down, married a nice Jewish girl and enjoyed a happy home life with his wife and children. He would not have gone to Jerusalem, and he would not have been crucified by the Romans. Instead, he got carried away by his success as a faith healer and imagined himself to be the King of Israel. The Pharisees had serious doubts regarding his candidacy to the throne of David. Miracles in themselves prove nothing; multiplying loaves of bread and walking on water did not bring the kingdom of heaven any nearer. So they warned Jesus not to go to Jerusalem. But he disregarded their advice and undertook to make the long journey on foot, performing miracle cures along the way. Jesus received a rapturous welcome on his arrival, as the people lining his route shouted, "Hosanna to the son of David!" Five days later, he was dead. What happened in the interval, and why did his popular following vanish almost completely? For one thing, his fellow Jews reasoned that anyone who recommends paying taxes to Rome cannot possibly be their liberator. But there were other, more profound reasons for this disaffection. Much of Jesus' teaching runs counter to Judaism and its approach to life. Loving one's enemies and hating one's parents simply will not do. The present essay offers an explanation of the Jewish world-view so as to disentangle fact from fiction in the New Testament.
Sacred Misinterpretation-
Martin Accad 2019-06-06
Promotes gracious interfaith
dialogue on sensitive
theological issues Theological
issues are crucial to how
Christians and Muslims
understand and perceive each
other. In Sacred
Misinterpretation Martin
Accad guides readers through
key theological questions that
fuel conflict and
misunderstanding between
Muslims and Christians. A
sure-footed guide, he weaves
personal stories together with
deep discussion of theological
beliefs. Accad identifies
trends, recognizes historical
realities, and brings to light
significant points of
contention that often lead to
break-down in Christian-
Muslim dialogue. He also
outlines positive and creative
trends that could lead to a
more hopeful future. Fairly
and seriously presenting both
Muslim theology and a
Muslim interpretation of
Christian theology, Sacred
Misinterpretation is an
essential guide for fostering
dialogue and understanding
among readers from both
faiths.

Who Wrote the Dead Sea
Scrolls?-Norman Golb
2013-02-01 Dr. Norman
Golb's classic study on the
origin of the Dead Sea Scrolls
is now available online. Since
their earliest discovery in
1947, the Scrolls have been
the object of fascination and
extreme controversy.
Challenging traditional
dogma, Golb has been the
leading proponent of the view
that the Scrolls cannot be the
work of a small, desert-
dwelling fringe sect, as
various earlier scholars had
claimed, but are in all
likelihood the remains of
libraries of various Jewish
groups, smuggled out of
Jerusalem and hidden in
desert caves during the
Roman siege of 70 A. D.
Contributing to the enduring
debate sparked by the book's
original publication in 1995,
this digital edition contains
additional material reporting
on new developments that
have led a series of major
Israeli and European
archaeologists to support
Golb's basic conclusions. In its
second half, the book offers a
detailed analysis of the
workings of the scholarly monopoly that controlled the Scrolls for many years, and discusses Golb's role in the struggle to make the texts available to the public. Pleading for an end to academic politics and a commitment to the search for truth in scrolls scholarship, Who Wrote the Dead Sea Scrolls? sets a new standard for studies in intertestamental history "This book is 'must reading'.... It demonstrates how a particular interpretation of an ancient site and particular readings of ancient documents became a straitjacket for subsequent discussion of what is arguably the most widely publicized set of discoveries in the history of biblical archaeology...." Dr. Gregory T. Armstrong, 'Church History' Golb "gives us much more than just a fresh and convincing interpretation of the origin and significance of the Qumran Scrolls. His book is also... a fascinating case-study of how an idee fixe, for which there is no real historical justification, has for over 40 years dominated an elite coterie of scholars controlling the Scrolls...." Daniel O'Hara, 'New Humanist'

Under Crescent and Cross-
Mark R. Cohen 2021-04-13
Did Muslims and Jews in the Middle Ages cohabit in a peaceful "interfaith utopia"? Or were Jews under Muslim rule persecuted, much as they were in Christian lands? Rejecting both polemically charged ideas as myths, Mark Cohen offers a systematic comparison of Jewish life in medieval Islam and Christendom--and the first in-depth explanation of why medieval Islamic-Jewish relations, though not utopic, were less confrontational and violent than those between Christians and Jews in the West. Under Crescent and Cross has been translated into Turkish, Hebrew, German, Arabic, French, and Spanish, and its historic message continues to be relevant across continents and time. This updated edition, which contains an important new introduction and afterword by the author, serves as a great companion to the original.

Peter-Fred Lapham
2004-10-19 This book critically examines all the early and important Petrine pseudepigrapha to identify a distinctive Petrine theology which, it is believed, was later swamped by the tide of western orthodoxy. Despite the diversity of the books and tractates, ranging from Jewish-Christian writings to avowedly Gnostic works, a remarkably consistent Petrine tradition does emerge; and Peter is shown essentially to be neither the impetuous, undiscerning, and even vacillating figure portrayed in the Gospels and Acts, nor the magisterial and pontifical figure of later Church tradition, but a visionary who was concerned above all to hold together both the moral and cognitive aspects of the Faith.

Theologies of American Exceptionalism - Winnifred Fallers Sullivan 2021-09-07

Together these essays challenge the reader to think America anew.

The Christian Myth - Burton L. Mack 2001 Mack rejects depictions of Jesus that have emerged from the quest for the historical Jesus--peasant teacher, revolutionary leader, mystical visionary or miracle-working prophet--on the grounds that they are based on a priori assumptions about Jesus, and are therefore contradictory. In addition, he argues, these portrayals are untrue to the many images of Jesus produced by the early Christians. Using systematic analysis, Mack seeks to describe and understand the cultural and anthropological influences on the conception and adoption of Christian myths and rituals.
