My Body, the Inside Story / Circulatory System
diagram of circulatory system “oxygen” tags “carbon dioxide” tags Procedures: Student Information: Set up a large room sized diagram of the circulatory system. Students assume the roles of “body organs and parts.” This should include, hearts, lungs, arms, legs, etc. Other students act as the “blood.”

Stick with ONE of the majors because they are the most liquid which usually means tighter spreads and less chance of slippage. Plus, in the beginning, you need time to focus on improving your trading processes and creating good habits. You’ll also need to experience different market environments and learn how to adjust your methods and strategies as market behavior changes.
